Coach Mentoring

- “Anne is gifted in creating a safe space for exploration and growth. The value I received from our three hours of mentor coaching was immense. Anne’s ability to create a clear agenda and structure and her preparation for each session is outstanding. Listening to the recorded sessions from coaching my clients was very beneficial. We discussed our insights and focused on applying the ICF Core Competencies. Anne reenforced learning with handouts and other resources after each call. Anne’s passion for coaching is contagious. Thank you Anne for your assistance meeting my goal of recertification and more importantly, inspiring me to set a goal for applying for my PCC.”
Pat H, ACC, December 2016

Coaching

- “Anne’s coaching style is calm, insightful and deeply supportive. She has a great ability to hold the space for the coachee to think, reflect and have insights and she continued to build my insights over the duration of the program, yet always keeping me in the driver's seat.”
- “I loved the way Anne reflected what I said over the duration of the program and helped me build a sense of my journey. She was deeply respectful and nurturing and completed the journey with a great summary document.”
- “In particular, if you have deeper questions about life, then Anne is the coach for you. I whole-heartedly recommend Anne as a coach.”
- “With Anne’s methods of helping me to see my own value and my own capability - I am turning my life around. I look forward to each day. I believe in Anne’s methods. Just let it happen - be willing and open to the miracles. I find I welcome the doors that close on me now because the windows that open for me are so much more magnificent. My ‘failures’ are not failures at all but merely openings to new avenues of success I could not have predicted.”
- “I found Anne’s Synchronicity Mirror Kit© (SMK) to be a powerful tool and easy to complete. It provided me with increased awareness that I am on the right career path. I uncovered the events of the past and how they were stepping stones to the life I presently desire. As a result of being coached through a SMK Break-Through session, it’s clear to me what I want to do with my holistic business and where to find the courage to proceed. The SMK prompted me to commit to two key actions that will move me towards the life of my dreams. Thank you Anne!”
- "Anne has impeccable integrity, a wide variety of resources to offer, a kind heart and a beautiful sense of humor. Working with her helped me to gain clarity, strength and momentum. I am now achieving goals I only dreamed of."
