Testimonials

“Anne is gifted in creating a safe space for exploration and growth. The value I received from our three hours of mentor coaching was immense. Anne’s ability to create a clear agenda and structure and her preparation for each session is outstanding. Listening to the recorded sessions from coaching my clients was very beneficial. We discussed our insights and focused on applying the ICF Core Competencies. Anne reinforced learning with handouts and other resources after each call. Anne’s passion for coaching is contagious. Thank you Anne for your assistance meeting my goal of recertification and more importantly, inspiring me to set a goal for applying for my PCC.”

Pat Herber, ACC, Leadership and Life Transition Coach

“Anne is a truly masterful coach. She is compassionate and professional while holding a completely safe space for me to be transparent, explore, and discover my own answers. She’s a great guide on the path.

She gave me lots of space to explore (I like lots of space) and brought me back to my focus in a way that didn’t interrupt my rhythm and flow. Great questions, redirects, and reframes! Anne is an amazing support and superb coach. If you have a direction, hire Anne; she’ll support you to achieve your goal!”

Joanna Davis, MCC-pending, Coach For Life Faculty

“Anne is calm, insightful and deeply supportive. She has a great ability to hold the space for the coachee to think, reflect and have insights, and she provides steady guidance over the duration of the engagement, yet always keeps the coachee in the driver’s seat.

I loved the way Anne continued to reflect my thinking and feeling, helping me build a sense of my cognitive and philosophical journey. It really helped me understand my old patterns of thinking and my new patterns. At all times, she was deeply respectful and nurturing, yet challenged me around my thinking.

If you have deeper questions about life, then Anne is the coach for you. I whole-heartedly recommend Anne as a coach.”

Chris Ridler, Director, Performance Potential

“Anne gave me one coaching session and a book to read, and I have kept her advice in mind ever since. In fact, I have passed a few of these tips onto others and they have been very helpful. Anne is intuitive, welcoming, knowledgeable and is good at pointing out the gaps. I would recommend her highly.”
